GENERAL INFORMATION.

ADMISSION.

1. Applicants for admission must furnish evidence of good moral character, and produce certificates of honorable dismissal from the institutions of which they were last members.
2. A student may enter at any time and be assigned to proper classes.
3. All candidates for admission are examined, and assigned to such classes in the schools of their choice as they are prepared to enter.
4. Students are required to report to the President within twenty-four hours after their arrival in town.
5. The following Text-books are recommended to those who purpose to enter this Institution : viz.; Robinson's Higher Arithmetic and Elementary Algebra; Harkness', or Andrews and Stoddard's Latin Grammar; Hadley's Greek Grammar.

COURSE OF STUDY.

Special attention is paid to English Composition and Declamation; and all students are required to take the School of English. They may select such other studies as their parents or guardians desire. Every one is required to have at least fifteen recitations a week.

The time required to complete the course of study for any degree will depend upon the previous preparation and upon the diligence of the student.

Preparatory courses of instruction are arranged for the accommodation of those who are not prepared for College classes.

PLAN OF INSTRUCTION.

In every department, the instruction is practical.

In all sciences, the students are required to use the apparatus and instruments.

Original problems are solved ; and much attention is paid to original essays.

Lectures are occasionally given by the professors when thought serviceable to students ; but the rule is, that students themselves perform in the class room, the object being to make them proficient in demonstration and explanation.

Professors and teachers are occupied as many hours as are necessary to examine thoroughly each day all the members of every class, and thus allow no neglect of any study.

The classes are divided into small sections, so that each student may receive special attention. The sections are arranged according to merit in each branch, and the students are kept constantly stimulated to attain and preserve good positions.

The progress of each class and the relative merits of the members are recorded. At the end of each week the results are reported to the President, and afterwards posted upon the "bulletin board" for encouragement or warning.

There are weekly reviews in every study, and no student is allowed to pass any portion of the text without understanding the subject.

GOVERNMENT.

The government is administered by the President and Professors in accordance with the regulations adopted by the Board of Trustees. A copy of the laws is kept in each student's room.

The laws inculcate manly virtues, preserve order, require sobriety and morality, protect and encourage good students, and do not allow the persistently idle and immoral to remain where they can injure others.

The personal influence of the President and Faculty is exercised to encourage the young men in the discharge of their duties, and the co-operation of parents is solicited.

REPORTS TO PARENTS AND GUARDIANS.

Daily reports of conduct and weekly reports of studies are made to the President. From these, semi-quarterly reports are made to parents and guardians. The reports to parents show the absolute and relative standing in each class, the

number of absences from classes, and other facts that may be thought of interest.

RELIGIOUS AND MORAL CULTURE.

Prayers are held every morning in the chapel, and the faculty and students attend.

Students are required to attend the church of their choice every Sabbath morning; and they do, of their own accord, generally attend Sabbath-school in the morning and church service at night.

LITERARY SOCIETIES.

There are in connection with the College and in successful operation two Literary Societies—the Philomathic and the Franklin. These Societies are provided with well selected libraries; and they are regarded as valuable aids to the student in the formation of a literary taste, and in affording opportunities for exercises in debate, and in obtaining a knowledge of parliamentary rules.

All students in the College classes are required to join and attend one of the Societies, or to recite on Saturdays to one of the Professors.

ALUMNI SOCIETY.

The object of this Society is to keep alive among the Alumni the sentiment of affection for their Alma Mater, and to unite the graduates by a common tie of fellowship.

The Annual meeting is held during Commencement week, and the Oration is delivered by an Alumnus selected by the Society.

LOCATION.

The location of Howard College is all that could be desired. Marion is situated on the Selma, Marion and Memphis R. R. This road has been completed some distance beyond Marion, and places this town in direct and daily communication with Selma and the great lines of travel running through the latter place. Howard College is thus quite accessible by railroad from all quarters of the State and from the adjoining States. In addition to Howard College, there are located here two large and prosperous Female Seminaries. The town also contains five Churches—the Baptist, Methodist, Presbyterian, Episcopal, and Christian. With these surroundings, and with a population of three or four thousand inhabitants, it is evident that Marion affords the wholesome restraint of a moral and intelligent community, without presenting those extraordinary temptations to young men incident to great centres of trade.

BUILDINGS.

The main College edifice contains a large Chapel, Library, Apparatus Rooms, Laboratory, Halls, Offices, &c. The Dormitory Buildings, comprising the North Hall and the South Hall, contain fifty-four Dormitories, eighteen feet square, together with Recitation Rooms.

The Dining Hall is a new and beautiful Italian Cottage, conveniently located, and handsomely furnished.

LIBRARY.

The Library Room has been much improved during the session; and valuable contributions have been made by:—

Rev. E. T. Winkler, D. D., Marion, Ala.,.....	31	Vols.
D. Appleton & Co., New York,.....	1	“
Smithsonian Institute,	7	“
Amer. Swed. Printing and Publishing Society,	19	“

 58

Other contributions by the friends of education are solicited. Students have free access to the Library.

CABINETS.

The Geological and Mineralogical Cabinets contain a large variety of specimens. A handsome series of Maps, and Charts, and Engravings, has been procured to illustrate Lectures on Geology. A contribution of fossils from Indian Territory has been made during the session by Rev. M. T. Sumner, D. D. Other contributions, by Dr. G. P. L. Reid, Marion, Ala.

APPARATUS.

The Institution is in possession of an excellent Chemical, Mathematical, and Philosophical Apparatus.

Students are not required to board in the College dining-hall; but may, if preferred, board in private families where the cost will be fifteen dollars per month.

When a student leaves College, all fees, except tuition and medical, are refunded.

THEOLOGICAL STUDENTS.

Theological students who come with licenses from their churches do not pay any tuition fee.

SONS OF MINISTERS

Have the privilege of the College at reduced rates.

UNIFORM.

On ordinary occasions, the students wear such clothing as they prefer; but on dress occasions, they are required to wear the College uniform, consisting of grey cloth pants, coatee, and cap, which cost about twenty-five dollars.

MEDICAL ATTENTION.

In order that students whose parents live at a distance may have medical attention whenever desired, the Board of Trustees have secured the services of two good physicians; one or the other of whom will visit the College daily, or as often as necessary. For this service, all the students from abroad are required on matriculation to pay a fee of five dollars. This fee secures medical attention for the *entire* scholastic year.

VACATION.

There is no vacation during the Session. One day is given at Christmas.

COMMENCEMENT AND DEGREES.

1. The Annual Commencement is held on the THIRD WEDNESDAY IN JUNE.

2. No student is admitted to a Degree or permitted to take any part in the Commencement Exercises, unless he has creditably sustained all his examinations, performed such other exercises as may have been assigned him, and settled all College dues, including a graduating fee of five dollars.
